Subject: Please support HB 5408, Presentation of Carry Permits

To members of the Public Safety and Security Committee of the CT Legislature:

It can be very frightening and intimidating to see an individual openly carrying a firearm. I would like the assurance that such a person was legally permitted to carry that firearm. Requesting that an officer ask the individual for proof would go a long way to assuage people's fears. Therefore, I support HB 5408, which requires persons who carry handguns in public to have their permits on their person at all times and to show those permits when requested by police. Please approve this bill.

Sincerely,
